Candidate's Statement (reproduced exactly as submitted):

My experience serving as a board member and past president on both the Homer Chamber of Commerce and South Peninsula Hospital Operating Board uniquely qualifies me to represent the greater Homer area as an Assembly member.

The Assembly has important issues on the horizon and we need strong leadership to work in a fiscally-responsible manner. My desire to break down the silos between various governing bodies and work together more effectively, my ability to keep an open mind while thinking critically, and my willingness to collaborate without hidden agendas or conflict of interest will help us meet this challenge.

I want to address:

Medical Care – Continuing quality care to Homer are residents at South Peninsula Hospital and assist with any necessary revisions to the Operating Agreement between Central Peninsula Hospital and the Borough.

Energy Solutions – Developing a timely plan to extend the natural gas pipeline to Homer and Kachemak City for affordable, cleaner energy.

Economic Development – Building sustainable economy with year-round employment, allowing our local residents maintain the quality of life so unique to the Homer area.

I look forward to discussing your priorities for the Borough Assembly in the coming weeks.

Thank You For Your Vote,

Kelly Cooper
