Candidate's Statement (reproduced exactly as submitted):

I have the experience, energy and commitment to tackle the issues and challenges the Kenai Peninsula Borough will face over the next several years and will dedicate myself, as Mayor, to responsible management.

My management style is to listen, consider and incorporate different perspectives and opinions, research and evaluate the options available, and, make decisions based on the best information available and in the best interest of our residents. I'll listen and work with Borough residents, the Assembly, local governments, service area boards and community groups; and, I'll communicate with you, the public, about what your government is doing and why.

I encourage you to examine my record as Mayor from 1996-99. Like then, I will build a strong team to help manage the administration of the Kenai Borough. My record reflects conservative and responsible budget management, strong administrative oversight, an open door policy and a good working relationship with the Borough Assembly.

The Kenai Peninsula is a great place to live, work and to raise our families; and, we are facing many issue and challenges. With your help and a responsible approach, together we can keep it great.

I would appreciate your vote on October 4th.

Thank you.
