		Service Organization Memberships:

### Candidate's Statement (reproduced exactly as submitted):

Hello my name is Dan Hammond. I have served on the Nikiski Fire Service Area Board since 2004. I am presently the Vice-Chair for the board.

I have grown up on the North Road having moved here in 1964. I have seen the Nikiski Fire Service Area grow since the original Yellow Bird was brought into the area. The community support that the service area has received over the years has been tremendous.

Having worked with the board and fire department personnel over the last seven years I have developed a working relationship which I believe has benefitted the community. We have seen many improvements to the department in this time. With my involvement with the community and the board, I feel I have the knowledge base to make constructive decisions for the needs of the community and the department's service level during these tough economic times.

I would like to continue representing the community on the board.
