This is a request to allow for a sole source purchase of rescue tools from the following vendor:

- **Holmatro, Inc. - \$24,750.00**

CES took possession of a new rescue vehicle in October. This vehicle provides vehicle extrication, scene lighting and breathing air for large structure fires. This vehicle was not equipped with the extrication tools needed to fulfill its mission. This appears to have been an oversight by the previous administration.

CES has made an effort to standardize, thereby using Holmatro extrication tools exclusively. The rescue truck was built to accommodate these tools only. We are also purchasing from the only west coast dealer of Holmatro products. <http://www.holmatro-usa.com/territories/ak.htm> We will be receiving these tools at the lowest price available. Funds are available in the following account: 211.51610.48760

We are purchasing the following:

- Spreader with pulling tips and chain \$ 5880.00
- Cutter with pedal cutter \$ 5862.00
- Combi Tool \$ 3287.25
- Various length rams \$ 6252.75
- Hydraulic hose \$ 2718.00
- Shipping (not to exceed) \$ 750.00
- **TOTAL \$24750.00**

APPROVED:  Yes  No Signature *[Signature]* Date 5-5-06
