Re: Completion of Solid Waste Award #152-05

Dear Mayor Williams:

Our congratulations to you and the Borough team on the successful completion of your solid waste award. My staff reports that the grants were very well-managed. We look forward to hearing about the long-term and positive impact the burn boxes in Seldovia and Nanwalek and the air curtain burner at the Soldotna landfill.

As the Denali Commission explores solid waste management strategies for the state, we recognize the Borough as one of the leaders in the regional context and as a specific asset to assisting local communities.

Please accept and use these signs as symbols of our working relationship and the success of your project.

Sincerely,
