SUBJECT: Ordinance 2010-19-___, appropriating \$154,000 for installation of smart boards in district schools

The Kenai Peninsula Borough School District has received funds for the purchase and installation of smart boards at various schools. The estimated cost to install these smart boards including making a number of required electrical upgrades is \$154,000. As borough maintenance will be doing and/or overseeing the work, the borough must appropriate the funds for these projects.

Shortened hearing is being requested on this appropriation which will allow for the projects to be started in February.
