**DATE:** August 25, 2011

---

The Alaska Department Natural Resources, Division of Forestry Volunteer Fire Assistance Program (VFA) provides assistance in training, equipment purchases and prevention activities. The VFA program may be used for both wildland and structure protection needs. The assistance is provided to increase firefighter safety, improve the fire fighting capabilities of rural volunteer fire departments, and enhance protection in the urban-wildland interface.

The Kachemak and Bear Creek Fire Service Areas, on behalf of their volunteer programs, applied for and received VFA awards. Each award will be assigned different project account codes. The following change will connect the grant award to the project code for Kachemak Emergency Service Area's award.

Therefore, please include the following amendment to ordinance 2011-19-04:

➤ Amend Section 2 to read as follows:

**SECTION 2.** That grant funds are appropriated as follows:

\$9,100.35 to account 212.518IO.[12VFA] 12VF1.48760, minor firefighting equipment.
