Subject: Upcoming assembly meeting

Mr. Knopp,

Please request to pull the following ordinances from the consent agenda:

[Ordinance 2011-19-82](#)

[Ordinance 2011-19-84](#)

Please vote against this ordinance. We are strongly against this. We do not want the borough assuming power to regulate property owners in this way.

[Ordinance 2012-06](#)

Please vote against this ordinance.

[Ordinance 2012-07](#)- We understand that you spoke up at the last borough assembly meeting postponing the vote on this. Thank you for doing so because we want to retain our right to vote. Unfortunately many who feel like we do, are not aware that this issue is even before the assembly.

Sincerely,

Gina Bogart and Christopher Bogart
36875 Bjerke St
Kenai, AK
99611

I feel it is clear that there are other assembly members who do not respect the voters and are misusing their power. I hope to see more citizens participating in local government in the future, both as voters and as representatives, and will be actively working to keep term limits as a first step in getting involved myself. - Gina

May 14, 2012

Dear Mayor Mike Navarre and all Assembly members;

We live in Homer and are tax payers like other residents on the Kenai Peninsula . My husband and I have paid for our health care premiums for years, owning a business and I find it is disgusting to think that you are asking tax payers to pay for borough employees health care.

We all pay plenty of taxes and it should be up to each employee to handle their own premiums and not put additional expense and burden on all of us. We should ask you the same question - how about paying for our health care premium? No one has ever paid for out health care and it definitely should not be the case that you expect us to pay for the borough's health care expenses too - come on, be fair to the citizens of the Kenai Peninsula , it is not fair and not our duty to pick up your expenses as well!!!!

Robert and Janet Goehringer

K P B Ord: 2011-19-82

to - Kenai Peninsula Borough, Mayor & Assembly Members

Please give to members for the May 15, 12 meeting packets.

We are worried about the taxpayers of KP.B. being asked to pay so much more in Employees Health Package. In 2012 I believe it was \$17,000. for each employee and proposed to go to \$19,850. This seems like a big increase plus we'd like to know what's in this package and last package. Is this just for employees or does it contain family or is that extra? What about Life Insurance and any thing else. We'd like a Breakdown. We're not opposed to KP.B. providing employees what taxpayers pay for themselves, like we see Alaska. So many self employed cannot afford any thing like this, if at all. Is this fair to the taxpayers of KP.B.? Most things have rose except for wages for so many. We'd like to see this tabled and a breakdown given in the papers for all to see.

Sincerely,
Leroy "Roy" & Mari Caban
