

KENAI PENINSULA BOROUGH

River Center Department

MEMORANDUM

TO: Gary Knopp, Assembly President
Members of the Kenai Peninsula Borough Assembly

THRU: Mike Navarre Mayor *MN*
Craig Chapman, Director of Finance *C Chapman*
John Mohorcich, River Center Director *JM*
Brenda Ahlberg, Community & Fiscal Projects Manager *BA*

FROM: Kevin Lyon, Capital Projects Director *KL*

DATE: June 7, 2012

SUBJECT: Ordinance 2012-19- 11, accepting and appropriating a grant in the amount of \$15,000 from the State of Alaska on behalf of the River Center for the septic tank removal and sewer system connection project

Legislative grant funding in the Fiscal Year 2012/2013 State of Alaska Capital Budget was requested for the purpose of completing the septic tank removal and sewer system connection project at the Donald E. Gilman River Center facility. Senate Bill 160, which appropriated funding in the amount of \$15,000 for the project was passed by the State Legislature and signed by Governor Parnell on May 14, 2012.

When the facility was originally constructed an onsite septic tank and field was installed with the intent to connect to the city's public sewer system when available. The facility now has the opportunity to connect to the City of Soldotna public sewer system since this line has been recently extended out Funny River Road.

The Alaska Department of Commerce, Community and Economic Development will provide a grant award with a five-year project performance period ending June 30, 2017. Kevin Lyon, Capital Projects Director, shall provide grant oversight and project completion.
