

7.0 COST ESTIMATING

7.1 Construction Cost

Itemized construction costs are provided in standard ADOT format. Unit prices are based work done in south central Alaska during the 2009 construction season.

7.2 Cost Adjustments

This report includes an inflation factor, as well as a recommended contingency factor. These have been applied to the total estimated cost, not individual unit prices.

8.0 ENGINEER'S ESTIMATED COST

Description	Cost
Estimated Construction Cost	\$275,000
Design, Inspection, & Project Administration, 12%	\$33,000
KPB Interdepartmental, 3%	\$8,250
