Attn: ColletteThompson

Cooper Landing Emergency Services requests the loan/lease of the Grumman Pumper currently housed at Lowell Point. We have viewed the pumper and confirmed that it will be an asset to our fire department.

Our current trucks are a 300 gallon mini-pumper, a 500 gallon engine and a 150 gallon state brush truck. The Grumman 500 gallon engine will substantially increase our mobile water capacity. In addition, it is better suited for the tight driveways in the Cooper Landing service area than is our long wheel base engine.

Thank you,

Mike Smith
Assistant Fire Chief
Cooper Landing Emergency Services
907-598-1102
