### Candidate's Statement (reproduced exactly as submitted):

My name is Doris Cabana.

I've been quite active in the past of local and State activities such as hiring an attorney who is a retired Alaska Spreme Court Justice to represent us from annexation without a vote of people effected.

Getting K.E.S.A. fire service started keeping up on Borough and City agendas. On State local AK boundry appointments and bylaws proposed during annexation, like reducing annexation from 25 sq miles to less than 5 sq miles.

As a large commercial fishing family, in regulations, as past permits holder and tender operator from PWS to Bristol Bay.

Helping family Co-op Build fleet vessels from florida, California and Seattle-Tacoma in past.

I've always fought to prevent injustics.
