Dear Mayor Carey,

My term on the planning Commission expires in the end of July and I am seeking reappointment. I am proud of the job I've done at this post the past 12 years and believe the experience I've gained is useful for addressing each issue and each person that comes before the Planning Commission.

At the same time I would like you to be cognizant of the fact that I may run for the Kasilof seat on the Assembly when Paul Fischer retires, next year. As you know, I've recently been to Juneau to defend an appointment before state lawmakers. That experience has sort of opened my eyes to the need of people in political positions who put their country first, their state second, their Borough third and their own prejudices last. Every day brings new events and something may change my mind, but those are my intentions for now.

I do not believe it will be a significant inconvenience for the Borough for me to step down in July of 2010 and run for the Assembly. It is important to stay involved until then and serving on the Planning Commission forces me to do that. Meanwhile, you can mull-over in your mind a possible replacement.

I'm ready to continue working hard for all the people of the Kenai Peninsula Borough. Therefore, I respectfully ask to be reappointed.

Thank you,

Brent Johnson

Dear Mayor Carey,  

It has been both an honor and a privilege to serve the people of this borough as a member of the planning commission. With your approval, I look forward to continuing.  

As a member of the Kenai Peninsula Borough Planning Commission I represent the borough as a board member on the Resource Conservation and Development Council. The cooperation that this organization fosters between the communities of this borough and state and federal agencies is remarkable. I feel proud of our accomplishments and goals for the future.  

Thank you for considering my appointment. If you have any questions feel free to contact me.  

Sincerely,
